

Did you know that Danske Fragtmand's crane trucks deliver across all of Denmark on all weekdays? With over 80 crane trucks spread across the country, we are ready every day to meet your specific transportation needs.

Crane Distribution

Overnight delivery, all weekdays

Danske Fragtmand's route network covers all of Denmark, and this applies to our crane distribution as well. We have crane departments in Aalborg, Vejle, and Greve, why we do overnight crane deliveries all over the country at fixed low prices.

Lifting is a matter of trust

Crane distribution is a matter of trust between us and our customers. Maybe you have special or fragile goods, or maybe the unloading will take place under problematic conditions, or maybe you have a long-term project that requires a special solution. Our many years of experience and skilled drivers enable us to offer you the solution that suits your transportation needs.

Crane Distribution

We have the route network, equipment, and experience – *Do you have the job for us?*

With Danske Fragtmænd's nationwide route network, 80 crane trucks on the road, and many years of experience, we have a lot to offer when it comes to crane distribution:

- ▶ Overnight delivery nationwide.
- ▶ Door-to-door delivery.
- ▶ Documentation of all deliveries with hand scanner and GEO-tracking.
- ▶ Option for electronic booking.
- ▶ Competent, well-trained, and Danish-speaking drivers.
- ▶ We carry out virtually all jobs, even the smaller ones.
- ▶ Skilled collaborators who help us to carry out special jobs.
- ▶ We ship all types of goods – including steel, building materials, cable drums, towers, bigbags of soil, crushed granite, ventilation systems, and stable fixtures.
- ▶ Option for delivery at places that are hard to reach and inaccessible to large trucks.

Specialised solutions

Crane distribution is more than just loading and unloading. We provide both standard and special solutions, and we are happy to have a chat about how your lifting job can be done both efficiently and cost-consciously. We can solve any type of job that requires a crane. Where necessary, we are also happy to come by and inspect the place of loading or unloading.
